

Help raise funds for NASPR by recycling printer cartridges and cell phones!

Just collect printer cartridges (palm of your hand sized) and old cell phones, send them in to Ecophones for recycling and NASPR will be paid on EVERY printer cartridge and cell phone recycled. It's that easy!

NO LASER/TONER CARTRIDGES, please, or we will be charged for the shipping!!!

Suggestions on how to collect printer cartridges and cell phones

1. Ask your local cell phone stores if you can leave a collection bin or collect any of their old phones.
2. Ask your employer to save printer cartridges for NASPR to recycle.
3. Create a collection bin by cutting out a hole in a tub and including a flyer on top detailing the fundraiser.

4. Ask your church, civic group, local Girl Scouts, etc. to collect printer cartridges and cell phones on NASPR's behalf.
